PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 3+ years of experience building scalable Angular applications, designing RESTful APIs, and deploying cloud solutions within Agile teams. Proven track record of improving application performance by 40% and reducing component reusability issues by 30%.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, C#, HTML5, CSS3, SQL

Frameworks and Libraries: Angular 17, React, ASP.NET Core, EF Core, RxJS, Bootstrap, RESTful APIs

Tools and Cloud: PostgreSQL, SQL Server, Azure DevOps, Docker, CI/CD Pipelines, Postman, GitHub Copilot

Methodologies: Agile/Scrum, OOP, Code Reviews, Sprint Planning, Backlog Refinement, SDLC

PROFESSIONAL EXPERIENCE

Elumina

Full Stack Developer (Contract)

Mar 2025 - Sep 2025

- Architected and engineered production-grade Angular components, increasing code reusability by 30% across multiple user bases.
- Designed low-latency RESTful API connections using RxJS Observables, eliminating blocking UI states.
- Profiled frontend application performance to reduce page load times by 40% and ensure platform stability.
- Authored test cases and executed functional testing across 15+ modules to guarantee deployment quality.
- Collaborated in Agile sprint cycles, contributing to daily stand-ups and on-schedule feature delivery.

Landmark Group

Frontend Developer

Aug 2022 - Dec 2023

- Developed high-performance Angular interfaces for hospitality operations, optimizing UI component execution to ensure continuous platform stability.
- Optimized payment gateway workflows and PostgreSQL audit queries, cutting errors by 15%.
- Maintained enterprise frontend infrastructure with 24/7 proactive monitoring.
- Partnered with cross-functional stakeholders to synchronize technical requirements, reducing deployment delays and ensuring seamless production releases.

Gibraltar Technologies

Frontend Developer

Jun 2020 - Feb 2022

- Configured and deployed Angular interfaces across client environments, standardizing setup procedures.
- Built reusable UI components and managed repositories to enforce design and performance benchmarks.
- Implemented structured deployment workflows, accelerating delivery cycles by 20%.
- Maintained technical documentation to standardize knowledge transfer and boost onboarding consistency.

TECHNICAL PROJECTS

MacEwan University Capstone Project | Edmonton, AB

Full Stack Developer and Team Lead

Sep 2024 - Dec 2024

- Spearheaded a team of 8 engineers to build and deploy a production-grade Task Management system utilizing Angular and ASP.NET Core.
- Engineered RESTful API layer with EF Core, increasing data retrieval speed by 45%.
- Secured application modules by implementing role-based access control (RBAC) and JWT authentication.
- Managed pipeline configurations and sprint boards in Azure DevOps, lifting cycle efficiency by 20%.
- Facilitated sprint ceremonies as Scrum Lead, removing roadblocks to improve team efficiency by 30%.

EDUCATION

MacEwan University | Edmonton, AB

Post-Graduate Certificate in Full Stack Web Development and Professional Communication (GPA: 4.0) 2024

University of Salford | Manchester, United Kingdom

MSc in Managing Innovation and Information Technology 2019

LANGUAGES

English (Fluent), French (Intermediate)
